- Metadata management
- Robust data discovery: Text Search, Query, Forms, Reports, File Explorer, and more
- API Access

“Amid demand for responding to DX in all fields, SRA decided to propose and provide the Solix CDP to customers as a solution that supports data-driven management. We believe the Solix CDP is a cutting-edge product that realizes Enterprise Data Archiving and Enterprise Data Lake applications and its introduction will enable data-driven management,” said Makoto Ishisone, President and CEO, SRA Inc.

“Our partnership with SRA expands their portfolio by combining their innovative, leading edge technology and operations optimization solutions with Solix’s award winning Common Data Platform for cloud and advanced analytics—enabling Japanese customers to continue their journey into the digital data era with a proven advanced data platform,” said Sai Gundavelli, Founder/CEO, Solix Technologies.

ABOUT SOLIX TECHNOLOGIES

Solix Technologies, Inc., is a leading big data application provider that empowers data-driven enterprises with optimized infrastructure, data security and advanced analytics. Solix Common Data Platform (CDP) provides end-to-end data fabric, data governance, data security, data discovery, and a unified Information Lifecycle Management (ILM) framework for Enterprise Archiving and Enterprise Data Lake applications, deployed on-premises, in the cloud, or both. SOLIXCloud Enterprise Archiving is the world’s first archiving as-a-service solution built on the Solix CDP and hosted on Microsoft Azure, enabling enterprises to strengthen their data management processes with cloud-based Application Retirement, Email Archiving, File Archiving, and Database Archiving. Solix is headquartered in Santa Clara, California and operates worldwide through an established network of value-added resellers (VARs) and systems integrators. ABOUT SRA

SRA, Software Research Associates, was established in November, 1967 in Tokyo with six associates. It is one of the oldest independent software houses in Japan. As of March 1, 2005, SRA Inc. was listed on the first section of the Tokyo Stock Exchange. In 2006, SRA changed company organization to establish SRA Holdings, Inc. as holding company and it was listed on the first section of the Tokyo Stock Exchange. Our mission as SRA Group is to provide the best solution to day to day business operations and management of the customers through software information technologies. SRA's main roles have been consultation and development of our clients' IT systems. Today's clients require high quality of service at low cost. They are concerned about ROI in their IT systems. Our consultants, from high level planner/designer to developer, can meet this requirement through the devoted service. We are successfully accomplishing the mission with customer satisfaction.
